City Committees Working On Street List, Budget

Committee sessions by Granite City council members Monday night varied in length from a few minutes to over an hour, following an 80-minute council meeting.

The longest meeting was held by the Street and City committee. The members endeavored to set up a motor fuel tax priority list for street improvement and reach an agreement on the number of men to be added to the street department to fill nine vacancies.

Chairman G. H. Sternberg is to call another session of the committee before next Monday night's council session to prepare recommendations to be presented to the council.

In the committee session were Sternberg, Mrs. Gabrielle Bettino, Samuel Whitmer, Earl Thompson and Supt. of Streets William Warfield. It was pointed out that the city has nearly a million dollars in motor fuel tax street projects pending, with \$151,000 in reserve and an income of about \$17,000 a month.

Bid Opening June 3
Bids are to be opened June 3 on a \$50,000 estimated improvement to West 22nd street, a \$10,000 project on Leyden avenue, and resurfacing of State street from 18th to 23rd street, earlier had been given a priority estimated to cost \$80,000.

The committee agreed that the proposed \$80,000 improvement

Grand Opening At New Apartment Building

Grand opening of the Pontoon Plaza apartments at 2708 Harvey street, first large multiple unit to be built here in about 15 years, will be observed from 2 to 6 p.m. Saturday and Sunday.

A furnished unit at the apartments will be open to the public during those hours, builder Leo Wolf said.

Fourteen of the 20 units, all including two bedrooms, have been rented, according to the builder, who plans to construct three additional apartment buildings near the one just completed.

The initial building is constructed in a U shape, has brick veneer exterior and contains 10 two-bedroom apartments on each of the two levels.

The apartments are unfurnished, but include wall-to-wall carpeting, refrigerators and electric range, air-conditioning and garbage disposal units, with laundry facilities and lockers located in the full basement. Janitor service also is provided. Units rent for \$125 per month.

Wolf said the display apartment in the first unit will remain open until the new apartment buildings are constructed. All will be similar to the completed building, he said, and are designed to contain 20 apartments.

The builder said future plans call for construction of private tennis courts and a swimming pool to serve residents.

Johnston said the latter feature will depend upon how soon sewers become available, he added.

PONTON PLAZA APARTMENTS, a major rental development by L. Wolf Construction Co., will hold grand opening Saturday and Sunday. First of four 20-unit apartment buildings planned by the developer is located at 2708 Harvey street, just north of Pontoon road and east of the Cloverleaf subdivision.

Eagle Park Gets 30-Day Extension On Water Plan

Cleveland Johnson, president of the Eagle Park Improvement Association, has received a 30-day extension from the East St. Louis & Interurban Water Co. to raise \$23,885 to finance extension of water service into the community.

The deadline had been set for Friday. More than \$12,000 is on deposit in the First National Bank in Madison, he said, and urged residents to make their \$103 deposits as soon as possible so that the goal will be reached.

Johnson said the new extension of time will be the final one to be granted by the utility.

The association will meet at 8:30 p.m. Thursday at the Church of God, 104 Hill street, and a benefit program will be

St. Mark's School To Graduate 14 On Sunday

St. Mark's school in Venice will graduate 14 eighth grade students in ceremonies at the 8 o'clock Mass Sunday.

Diplomas will be awarded by Rev. Robert C. McCarthy, pastor. Winners of the American Legion awards, provided by Venice-Madison Post 307, will be announced during the ceremonies. The graduates will receive Holy Communion in a group.

The graduates are Thomas Fields, Richard Foley, Robert McIntosh, Robert Shambro, James Ochoa, Richard Hogue, Ronald Watson, Arthur Hogue, Ernie Wiedow, David Wieseman, Mary Frances Lee, Linda Levy, Sharon Parker and Kay Willis.

Bill Pending For Cities To Boost Sales, Cigaret Tax

(Special from Springfield)

A bill to authorize cities to increase a cigarette tax from one to three cents a package and to boost municipal sales tax from a half cent to one cent was introduced this week in the General Assembly.

The bill, which also would permit an increase of a municipal sales tax from one-half cent to one cent, was sponsored by the Illinois Municipal League. Similar bills were submitted in both the Senate and the House.

Offered in the Senate was a bill to create a new state commission of 15 members to study the feasibility of creating a new state code Department of Commerce. It carries a \$20,000 appropriation for commission expenses and would require a report in 1965.

Another Senate bill would amend the state narcotic act to provide for voluntary petition by addicts or by reputable citizens in any county alleging that a person was an addict and in need of treatment.

Municipal Code Amendment
An amendment of the Illinois Municipal Code was proposed to eliminate penalties where a per-

son can prove that at the time of arrest he had paid a motor vehicle tax and was paying a license tax which was not displayed in the vehicle at the time of an alleged violation.

Sen. Paul Simon was a co-sponsor of the biennial appropriation of \$975,318,620 for the state public works department. It includes funds for state highways.

Simon also was co-sponsor of a proposed amendment to the municipal code to provide that in downstate municipalities no change shall be made in zoning ordinance nor variation granted within six months after the official plan has been adopted unless such change is approved by a two-thirds vote.

An amendment was offered to the public assistance act to require one-year residence preceding application for aid. It also defines a needy dependent child as under the age of 18 instead of the present 16-year limit, and that relief shall take into account employment opportunities and other means of self-help available to applicants and recipients.

Major Defense Drill Slated In Madison June 8

Another in what has become an annual series of full-scale civil defense drills is slated for Saturday afternoon, June 8, in the city of Madison.

CD Director Harry R. Johnson has announced.

Major emphasis will be placed on steps that would be taken in the event of a tornado or other natural disaster. However, the Madison defense staff's radioactivity monitoring team also will be put through its paces.

Since the timing of disasters is never known in advance, the exact starting time of the June 8 drill will not be disclosed.

Most of the activities are expected to take place during the afternoon, however.

Johnson expects that more than 100 persons will participate in the simulated exercise, which will have two overtones: to add a realistic note.

Fifteen "casualties" will be aided, six of them being sent to St. Elizabeth Hospital and the others going to a "field hospital" set up at the Madison recreation center on Seventh street. Radio contact will be maintained between base and mobile units.

7 Youths Arrested For Breaking Auto Window

Seven Venio boys ranging in age from 14 to 17 were questioned by police Tuesday in connection with the breaking of a window in a parked auto on Fourth street at 10:30 p.m. Monday. All were instructed to report to the police juvenile officer each week and to observe a

Added Building For Hospital To Be Available In July

St. Elizabeth Hospital is expected to occupy in July or August the new building at 21st street and Madison avenue, to provide additional storage and office space, it was announced yesterday by Sister Mary Thomas, hospital administrator.

A purchase contract has been signed, and an architect is being employed to study the necessity of a connecting tunnelway under 21st street, which also could be used for air raid shelter purposes as well as containing heat and air-conditioning lines.

While the purchase price was not disclosed, it was reportedly between \$75,000 and \$100,000 for the 6000 square foot, two-story brick structure. The building years ago housed Illinois Terminal Railroad offices and waiting room, and a restaurant.

Sister Thomas said the purchase was made by the Sisters of the Holy Provinces Mother House with surplus funds from the \$1,000,000 loan to build the new hospital wing several years ago.

Mercantile Mortgage Co. still maintains a service office in the building but plans to relocate it elsewhere in Granite City. The firm's main offices now are in Maytown, Mo. Its assets were purchased last week by Mercantile Trust Co., a St. Louis bank.

The window in a car owned by James Reidelberger appeared to have been broken by rocks, and three of the group admitted throwing rocks, police said.

C. of C. 'Play Day' Schedule Announced

Over 100 reservations have been made for the Tri-Cities Chamber of Commerce annual "play day" to be held at Sunset Hills Country Club next Tuesday.

Edward Jeneau, chairman, today announced a schedule of events and said reservations still are being accepted at the C. of C. office.

The golf tournament will start at 10 a.m. and a horseshoe pitching tournament at 4:30 p.m. The dinner will be held at 7 p.m. and a swim runny tournament at 8:30. Winners of the golf and horseshoe contests will be announced during the dinner.

Swimming and fishing also will be available to C. of C. members and their guests.

Port Information Meeting Set June 11

A port information program and dinner will be given June 11 by the Tri-Cities Chamber of Commerce with the cooperation of the Chicago Association of Commerce and Industry and the Tri-City Regional Port Authority.

The meeting was announced by C. of C. President Chester Baker, who said Carl Rantzi, chairman of the Tri-City Port board, is in charge of arrangements. Further details will be announced later, Baker said.

Sam Meyer, chairman of the Congressional Action committee, has called a meeting of four sub-committees for noon Monday at the Elks club to discuss pending legislation.

State Highway Contract Awards Announced

State highway contract work awarded this week at Springfield on low bids for projects in this area include two railroad grade separation structures for Route 270 over

tracks at Glen Carbon, awarded to Calhoun County Contracting Co., Springfield, \$488,524.
Rite Electric Co., Granite City, was awarded a \$20,122 contract to modify existing traffic control systems at 10 intersections. One is at the junction of Route 111 and U.S. 40.

Activities Honors For GC Students At Carbondale

Two Granite City students were among more than 100 Southern Illinois University students at Carbondale who were cited recently for leadership in campus activities at Carbondale. The program was the annual Activities Recognition Day Convocation.

The Granite Cityans honored were Donald Burnett, 2243 Lee avenue, and Antonette Stodnick, 2001 Richmond avenue.

Secretary To Be Hired For City Inspectors' Office

Operation of the inspection office in Granite City is to be expanded next month with the hiring of a secretary to keep records on zoning changes and hearings and inspections of buildings and health hazards. It was announced at Monday night's city council session.

Donald Partney, chairman of the Planning and Zoning committee, said girls have been interviewed for the position and that a recommendation would be submitted at the June 3 meeting. The controller was authorized to rent a typewriter for the office until bids can be sought for the purchase of one.

The secretary will be assigned to the office of City Building Inspector Earl Bloomquist on the second floor of the city hall and also will work with the city's health inspectors and electrical, plumbing and boiler inspectors.

Partney distributed to the council copies of the Illinois State Plumbing Code and a proposed housing ordinance, prepared by the American Public Health Association.

He said the two model codes should be studied by council members to prepare for their adoption. Through updating of the city's codes, it is hoped to qualify for federal planning funds and urban renewal funds when they become available.

It has been noted the city's building, plumbing and electrical codes must be updated in order for the city to meet federal requirements for the proposed expansion of the Anchorage housing project for the elderly.

Yield Signs To Go Up At 6 Intersections Along Hall St.

An ordinance placing yield right-of-way signs along Hall street at six intersections in East Granite was approved Monday night by Granite City council members.

The signs were requested by Alderman Samuel Whitmer, who said they are needed as safety precautions.

The ordinance was approved even though it was pointed out most yield signs have been replaced with stop signs, and Police Chief Raymond Willard said he would prefer stop signs.

A traffic count on Hall street showed it would not meet state highway department requirements for boulevard stops.

The yield signs are to be placed at Hodges avenue, East 25th, Edwards, East 24th, Lincoln, and East 23rd streets. Penalties for violations will range from \$5 to \$200. The law requires a motorist on Hall street to slow to 20 mph at intersection with the yield signs and to stop if the thoroughfare is not clear.

Legislative Committee Authority

A resolution giving the new Legislative committee authority to write and confer with state representatives and senators to pass information on pending state legislation to the council was approved.

Added to the original resolution was the stipulation that the committee was to make no commitments for the city or council.

Mrs. Gabrielle Beline, who heads the committee, said she was in Springfield last week to attend a meeting of the Illinois Municipal League and would be reporting on legislation involving municipalities.

The council adopted a resolution endorsing the Kaskaskia River project and joining with

other communities represented by the Southwestern Conference of Mayors to seek federal funds to speed the work.

Parking Permit For Election

Permission was granted for 20 parking meters in the 1800 block of Delmar avenue to be covered on June 10 to reserve parking places for members of Boiler-makers Local 575 of the A. F. of M., who will be voting in an officer election at the union office, 1844 Delmar avenue. The union is to reimburse the city the amount which normally would have been collected.

For the 1950 union members, 10 meters on each side of the streets are to be covered about 19th street.

Alderman Ford Johnson, chairman of the Fire committee, reported he had received identical proposals from two local architect firms for the design of the proposed new fire station in West Granite.

The council instructed its committee to study the proposals and submit a recommendation at the June 3 meeting.

Mayor Davis announced the meeting will be held at the Sun-set Hill Holiday Inn starting at 9:45 a.m. June 17 on a Southwestern Illinois University study of financial problems of cities, townships, school districts and park districts in Madison and St. Clair counties. He urged attendance by members of the council's Finance committee.

Receive Call From Korea

Mr. and Mrs. Ray Harlan of Bend road, received a radio phone call Monday evening from their son, A-2C Ray Harlan, stationed in Oson, Korea, advising them of his transfer from unit fire department to a paratrooper division.

Hire 7 Teachers, Honor Retiring Faculty Members

Hiring of seven teachers for the 1963-64 year was approved last night by the Granite City school board.

Elementary assignments are to be given to Miss Alberta Bowman, Normandy; Miss Mary Holmes, 1963 degree from Southeast Missouri College; Mrs. Elinor Curtis, 1963 degree from Southern Illinois University; Alfred C. Fuller, degree from Pittsburg, Mass. State College and a half-year of teaching experience; and Miss Ruth Taylor, 1964 Madison avenue, Madison; 1963 degree from St. Louis University and three years of experience.

Bobby Ray Neighbors, Belleville, an experienced graduate with one year of experience, will teach industrial arts at Granite City.

Miss June Nightingale, 4003 North street, with a 1963 STU degree and two years of experience, will serve as an elementary vocal music instructor at Frasier Junior high school, San Jose, Calif., will teach art at Frasier Junior high school.

Sup. Harold M. Kaiser presented two certificates of appreciation of long service to the school district in a ceremony at last night's meeting.

Recipients were Mrs. Lamoine Lindsey, Collinsville, a vocal music teacher for the past 27 years; and Mrs. Grace Enos, Collinsville, Webster Jr. high school teacher with the Granite City schools in 1927-34 and since 1943. Both are retiring at the end of this term.

The board approved the resignation of Traffic Cox, 315 Fourth street, Madison, a Granite City high school drafting and industrial arts instructor, who has been with the local district 31 years.

Resignations were accepted from Mrs. Judith Dyer, a nurse currently on leave of absence, who cited family responsibilities; Miss Sharon Provatt, 2109 Terminal avenue, GCHS English teacher, who has accepted another position; Miss Mary K. Lavelle, Rural Route One, near Spanish at Frasier Junior high school, who plans to work toward a master degree; Maxine Brandt, 2508 State street, GCHS girls' physical education teacher, who listed personal reasons; and Earl West, 21st street and Delmar avenue, a science teacher at Central Junior high, who is taking another position.

Leaves Of Absence

Leaves of absence now in effect were extended for the 1963-64 year at the request of Mrs. Mariene Brandt and Mrs. Lois Mullen. Each cited care of a small child in her home.

The board granted a leave of absence to Mrs. Darlene St. Clair, a Central Junior high teacher. It was decided to create an additional guidance counseling position at GCHS. No action was taken on possible establishment of golf as a GCHS athletic activity.

The board approved an interpretation of \$3.50 hourly substitute teaching pay agreed to by the administrative staff and representatives of Teachers' Local 743.

Breakdown Of Pay

The pay effective March 14, 1963, will be \$3.50 for 31 to 60 minutes of work, \$1.75 for 10 to 30 minutes and nothing for up to nine minutes of work.

Yearly cost of substitute work was estimated at \$5000. While 20-minute grade school physical education and music classes could result in a daily cost exceeding that of hiring a substitute teacher for the full day, the additional amount was described as slight. The vote was 6-0, with Board Member Dan Linder abstaining.

Other agreements were that principals should inform teachers prior to stop pay; principals should discourage "doubling up" of assignments when teachers are ill; if a class is divided into two sections, the amount of pay will be pro-rated among the teachers assigned; and claims will be reported in the regular payroll period, with payment at the end of each semester.

No Audit Copies

By a 6-0 vote, with Board Member Ron Dillard abstaining, the board decided against furnishing copies of audit and budget information to the Local 743 salary and policy committee.

Dr. Kaiser expressed willingness to provide figures and explanation to individuals and groups, and stressed that financial data can be misunderstood without such explanation. An example cited was the difference in accrual and cash accounting systems.

A letter from Miss Martha Black, state consultant, approved the Granite City speech correction program. She suggested additional corrections at the high school and elementary levels. Present work was termed "outstanding."

Praise For Band Students

Letters received by Dr. Kaiser praised the conduct of GCHS band students during their visit to Mobile, Ala., this month.

St. Elizabeth Hospital thanked the school district for its participation in a mock disaster drill this spring.

First issue of a monthly bulletin to school employees was shown to the board.

Lt. Gen. Schomburg Tours GC Army Depot

Lt. Gen. August Schomburg, commanding general of the U.S. Army supply and maintenance command, Washington, D.C., visited the Granite City Army Depot yesterday as part of his command-wide tour to personally familiarize himself with all the facts of his vast organization.

He was conducted on a tour of the installation by Col. John M. Anley, depot commander, who briefed him on the details of the mission accomplished here.

The command was instituted last August after a top level Army reorganization. The local depot is one of about 50 installations in the United States under General Schomburg's command.

Madison Plans Extension Of Storm Sewer

Madison's new pumping station for the city drainage system should be completed by mid-June if the Mississippi River does not continue to rise, Mayor Stephen Maeras informed the city council at a regular meeting Monday night.

If so, the city will advertise for bids on June 25 for completion of the storm water sewer line from Eighth to 14th streets along Washington avenue.

It is the city's portion of a new storm water drainage system. The East Side Levee & Sanitary district participated in construction of the line up to Eighth street, by way of Washington avenue and Market street, extending through Venice to the river.

The project may include the main trunk line, laterals, resurfacing and planting of trees. Bids would be opened at the July 23 meeting.

Ready For Next Spring

The mayor said he hopes the project will be completed by next spring. "Then we'll be able to sit back like this and watch the rain."

He said the project should aid drainage in West Madison, as sanitary sewers running from Madison no longer will contain storm water.

Mayor Maeras also hopes to obtain participation by the East Side Levee board in proposed construction of another section of storm water sewer lines that would benefit West Madison North Venice and Dow Chemical Co. That project may be advanced upon completion of the Washington avenue trunk, he said.

The council appropriated \$100 each to permit Eldon Rose and Charles Voloski, members of the volunteer fire department, to attend the 39th annual fire college June 10-13 at the University of Illinois in Champaign.

Salvation Army Brigadier Talks At Rotary Club

"National Salvation Army" week was observed Tuesday by the East Side Rotary Club with a special program featuring Brigadier Gordon A. Foubister, Salvation Army area director. A special guest at the meeting was Capt. Mildred Wilson, who is in charge of the local unit.

Brigadier Foubister reviewed the history of the Salvation Army, which will be 100 years old in 1965, and exhibited sound movies that showed the tremendous growth and expanded activities of the organization to day.

In introducing the speaker, Rotary President Gerald Broadway recalled that at the inception of the local Salvation Army chapter the Rotary president automatically headed the army board. This practice was discontinued later in the 1940s "but you can see we have a long history with the army for many years."

Capt. Walker expressed his appreciation to the Rotarians for "the fine help you men have given us each Christmas. We are deeply grateful and, of course, we hope it will continue," she added with a smile.

A letter of thanks from a group of 28 crippled children for whom the club furnished his transportation to Lincoln historical sites was read by President Broadway. The letter was signed by all the youngsters.

An appeal was made to Rotarians to open their homes for boys, 9 to 12 years old, members of the Beloit, Wis., YMCA Boys' Choir, who will perform at the Rotary International Convention in St. Louis. Accommodations already have been arranged here for the other 60 boys in the choir.

James Louis said the choir will present a fine concert June 11 at 7 p.m. at the First Presbyterian Church here. They must be picked up at the First Granite City National Bank parking lot, taken to the homes for the night, and then to the church. After spending the night with their hosts and breakfast the following morning, they are to be taken back to the bank parking lot to board buses for St. Louis at 8 a.m.

Henry D. Karandeff, chairman of the Madison County U. S. Savings Bond Committee since it was established, presented a "Freedom Bond Award" certificate to the Press-Record for exceptional service to the program. The certificate, issued by the U. S. Treasury Department and signed by Secretary Dillon, was received on behalf of the newspaper by Rotarian C. E. Townsend, editor and publisher.

Firm Files Suit To Void Levee Contract

A suit to void its contract with the East Side Levee & Sanitary District has been filed in East St. Louis Federal District Court by the Chase Co. of Harbor Wood, Mich.

The Chase firm on May 5 awarded a contract for the construction of a pumping station at the levee district's new Cahokia sewage treatment plant, over the objections of company President William K. Chase, who said the firm had made a \$26,000 error in its bid figures.

The Michigan firm bid \$549,500 for construction of the pumping station, the low bid received by the levee district.

Chase said several bid items had not been carried forward from individual bid sheets to the total bid price and that the error was discovered after the company's bid had been received by the levee district.

The levee board voted 3-0 to hold the company to its contract at the May 5 meeting. Board President Lawrence Tolar said it would cost the district an additional \$45,000 to release the Chase Co. from its contract and accept the next lowest bid.

A temporary restraining order, preventing the levee district from holding the Chase Co. to its contract, was served on levee board Clerk Ben Day at St. Louis Tuesday. Day said the matter was turned over to the board's attorney, Joseph Goldenberg.

A hearing has been set for Friday, June 7, in district court in East St. Louis.

Line Break Causes 7-Minute Power Failure

A section of the downtown area was without electrical power for seven minutes about 3:40 p.m. yesterday when a 4100-volt primary line broke at a dead-end at 17th street between Edison and Delmar avenues.

A spokesman for Illinois Power Co. said the area involved extended from 17th street to N. Delmar avenue between Edison and Delmar avenues.

Not Owner Of Burned Auto
Joyce Hollis, 1619 Delmar avenue, informed the Press-Record Monday afternoon that it was not her automobile that was destroyed by fire last Saturday at Club Bayou on Chouteau Slough road. County authorities, who made the report, said there possibly was a mixup on checking the license number.

Administrative salaries and the moving dispute also were topics of the 10 p.m.-12:30 a.m. executive session, which three newsmen were permitted to attend. Others in the audience, including two of the affected teachers, were excluded.

Man of the Week
Clained By Custodians
During the opening phase of the meeting, representatives of the 74 school custodians said they still claim moving work.

Multiplied by telephone with a Trades and Labor Council official and noted that union officers are barred by law from advising their members whether to recognize picketing by another union.

The jurisdictional question arose a year ago, and the teachers won a state arbitration decision which was then rejected by the board. At present there are two regular teachers employed in the district, and a third doing temporary work.

The board contends that existing contracts clearly give the moving work to the custodians and exclude teachers from the assignment. Crouch notes that the contract also states that the contract also states that the school district contends that state law prevents it from being binding.

Board President Ralph Fricker reported being advised Monday night of the picketing plan. He relayed a request for arbitration on a request for payment of teachers' bills for moving work performed this spring by custodians.

The board denied the request. Crouch said today a 48-hour strike notice probably will be sent to the school district today. No action was taken on reinstatement or rejection of a teacher currently on disability leave pending further information.

It was decided to pay junior high school head coaches the same extra amounts approved earlier for high school assistant coaches in their sports. Junior high assistant coaches will receive \$20 less than junior high head coaches. The decision applies to both this school year and the next year. The vote was 6-1, with Dillard dissenting after citing long hours worked by junior high coaches.

When the moves have been completed, the Bi-State Transit System will have reduced its operating divisions from 18 to eight, as shown below. No change is contemplated for the general office and general shops which are located at 35th street and Park avenue, St. Louis.

They will be in Missouri at North Broadway, 812 E. Taylor avenue; Delahavie, 577 De la Havie avenue; Lindwood, 603 Scanlan avenue; Park, 3003 Park avenue; and South Broadway, 4041 S. Broadway.

Illinois-Alton, 225 Wilson avenue; Alton, East St. Louis, 200 Alton line; Belleville, 408 W. State street, in O'Fallon; the O'Fallon-Bellefonte line will meet with the Belleville Division.

For the Sandbox Set
The wedding colors, orchid and white, were used and hurricane lamps with garlands of sweet peas adorned the guest tables. The gift table was draped with orchid net, and streamers with white wedding bells were above the buffet table.

Miss McElroy was assisted in opening packages by two of her attendants, Miss Cheryl Tucker and Miss D'Nita Boyer. Games were played and refreshments were served to about 65 guests.

Miss McElroy will become the bride of Richard Johnson on June 29. GO TO CHURCH SUNDAY

received from one of the teachers. Inaccuracy of rumors and technical interpretations circulating among the public was cited by board members after the meeting.

Seek To Require Sons To Support Parents
Three Granite Cityans were among eight persons named yesterday in information filed at the county court at Edwardsville to require sons of Madison County old age assistance recipients to support their parents.

The defendants were charged with neglect and refusal to support their parents, and bonds were set at \$1000 each by County Judge Michael Kinney.

The eight information were filed by State's Atty. Dick H. Mudge through an Illinois Public Aid Commissioner, attorney, Stephen Jinnakopoulos of Alton. Each information was accompanied by a motion requesting a county court order to require the defendants to pay for support.

MORE ABOUT

Bi-State Transit
(Continued from Page 1)
The other changes are—
Wood River Division (Leased facilities at 15 E. Ferguson avenue in Wood River). The Wood River-Alton operation will be merged with the Alton Division (225 Wilson avenue, Alton).

County Coach Lines (Leased facilities at 425 Park avenue in Belleville). The County Coach lines, Milstadt and Mascoutah, will be merged with the Belleville Division (408 W. Main street in Belleville).

Caseville Division (Caseville and Industrial group, 4th and Morris in Caseville). The following lines of the Caseville group will be merged with the Belleville Division: O'Fallon-Edgemoor, Collinsville-Bellefonte and Collinsville-St. Louis (Caseville line in Belleville).

These remaining lines of this group will be merged with the East St. Louis Division: Maplewood-Centerville and Edwardsville-Collinsville-St. Louis.

O'Fallon Division (102 W. State street, in O'Fallon). The O'Fallon-Bellefonte line will meet with the Belleville Division.

When the moves have been completed, the Bi-State Transit System will have reduced its operating divisions from 18 to eight, as shown below. No change is contemplated for the general office and general shops which are located at 35th street and Park avenue, St. Louis.

They will be in Missouri at North Broadway, 812 E. Taylor avenue; Delahavie, 577 De la Havie avenue; Lindwood, 603 Scanlan avenue; Park, 3003 Park avenue; and South Broadway, 4041 S. Broadway.

Illinois-Alton, 225 Wilson avenue; Alton, East St. Louis, 200 Alton line; Belleville, 408 W. State street, in O'Fallon; the O'Fallon-Bellefonte line will meet with the Belleville Division.

For the Sandbox Set
The wedding colors, orchid and white, were used and hurricane lamps with garlands of sweet peas adorned the guest tables. The gift table was draped with orchid net, and streamers with white wedding bells were above the buffet table.

Miss McElroy was assisted in opening packages by two of her attendants, Miss Cheryl Tucker and Miss D'Nita Boyer. Games were played and refreshments were served to about 65 guests.

Miss McElroy will become the bride of Richard Johnson on June 29. GO TO CHURCH SUNDAY

Extra Work At Mitchell School Due To Cistern

An abandoned brick cistern encountered at the northwest corner of a new Mitchell school resulted in award of \$354 additional work to G. H. Stenberg, contractor for the city, by the Granite City school board last night.

Architects Henry Gabriel and Sylvester Duleroff noted that \$2000 had been set aside by the school district for such an eventualty, because foundation design changes were expected to be necessary at Mitchell. The \$354 will be paid from that allocation.

With water encountered before the bottom of the 10-foot-wide cistern was reached, it was decided to fill in the cistern and bridge across it by reinforcing the wall as a concrete beam, placing a footing on each side of it.

Oil Heat At Central
Installation of an oil burner at Central Junior high school was awarded to Triangle Heating Co. on its low bid of \$845. A performance bond is furnished and a clarifying specification addendum is followed.

Alternative to this was listed at award to Galloway-Von Gruenigen Co. on its low bid of \$895. Galloway-Von Gruenigen was authorized to install two drinking fountains at the Granite City high school football field and one fountain at the baseball field north of the football area.

East St. Louis Division: Maplewood-Centerville and Edwardsville-Collinsville-St. Louis. O'Fallon Division (102 W. State street, in O'Fallon). The O'Fallon-Bellefonte line will meet with the Belleville Division.

Kowalewich Wins Award At Toastmaster Meet

Stanley Kowalewich was the award winner at the dinner meeting of the Granite City Toastmaster Club for his discussion on problems of world peace Monday at Roderick's restaurant.

Other speakers were Herman Greve, who spoke on improved military purchasing techniques, and Herman Mueller on "My First Year in the Insurance Business."

The "boner" award went to Earl Tucker and the "grunt" award to James Dimitroff. Tucker was the toastmaster and Earl Lee was the general evaluator. Mueller, club president, opened the meeting.

Mitchell Kiwanis Hear Talk On Fire Fighting

Francis Richardson, a member of the Mitchell Kiwanis Club, spoke on fire fighting and fire equipment at a dinner meeting of the club Monday at Smith's restaurant.

Seven members and a guest, H. C. Alloway of the East St. Louis Kiwanis Club, attended. The meeting was conducted by Roy Green, club president.

New Hours For Navy Recruiting Office In GC

'Music Under The Stars' Rehearsals Begin June 11

Initial rehearsals for "Music Under The Stars" presentations this summer by the Granite City park district will be held on June 11, program director Warren Simpkins said today.

June 11 is the first rehearsal date for a new 5th-6th grade chorus which had been added to junior high and adult-senior high vocal groups in plans for four public presentations on an outdoor stage in Wilson Park this summer.

The elementary chorus group will hold regular rehearsals at 9 a.m. each Tuesday and Thursday. The junior high chorus will rehearse Tuesdays and Thursdays at 9 a.m., beginning on June 11 also, Simpkins said.

The adult-senior high school chorus group, now in its sixth year, will hold rehearsals from 7:30 to 9 p.m. each Tuesday and Thursday, again beginning on June 11.

Rehearsals for all groups will be held in the vocal music room at Granite City high school. The "Music Under The Stars" season will open with a Gay Nineties presentation on Thursday, June 27. Other programs are planned July 11 and 22, and the final production planned for two nights, July 29-30, with the theme to be "The Death of Vaudeville."

Residents of the park district who have not participated in earlier "Music" programs are being invited to attend the initial rehearsal June 11, the director said.

Local Lawyers Named To County Bar Posts

Appointment of six new committees of lawyers for the Madison County Bar Association was announced this week at Edwardsville by Dick H. Mudge Jr., president.

Burton Bernard of Granite City will be chairman of the judiciary committee, with Gilbert Roach serving as a member. Morris B. Chapman will be chairman of the citizenship and hall of rights committee, and a local attorney serving on it is Horace Calvo. It is a new committee to carry out a study of violations of all constitutional rights.

Other local lawyers on committees are William Brandt, public relations and legal aid; Robert Matosian, legal aid; Nick Vassileff and Maurice Bailey, grievance and professional ethics; Leo Konzen, constitution and by-laws of the association.

Spot Bid Surplus Sale At Army Depot June 19

A spot bid sale of surplus property, including office furniture and machine, clothing, generators, miscellaneous construction parts and supplies, and other items of interest will be conducted by the Defense Surplus Sales Office at the Granite City Army Depot at 10 a.m. Wednesday, June 19.

Arrangements for inspection of the material, located at the depot, Fort Leonard Wood, Mo., Scott Air Force Base and the Aeronautical Chart & Information Center, 8000 South Broadway, St. Louis, may be made by contacting the property disposal officer at the location of the property.

IVC Issues Warnings On Types Of Insurance

The Illinois Veterans' Commission today issued three warnings to veterans presently insured under government life insurance, it was announced by Joseph D. Welton, secretary of the Quindici City office located in the city hall in Granite City.

They are: (1) Veterans insured under five-year term policy should give serious consideration to converting to a permanent type of insurance.

(2) All insureds should keep their designated beneficiaries up-to-date.

(3) Holders of "RS" type of policy have until Sept. 13, 1963, to exchange this type of insurance to a "W" type of policy, if they wish to receive the special dividend authorized on this non-participating insurance.

Welton also stated that by exchanging the "RS" term policy for a "W" type term policy, there would be a big savings in the cost of insurance.

Further information may be obtained from Welton at his office on the second floor at the city hall in Granite City. It is open from 8:30 a.m. to 5 p.m. Monday through Friday, with the exception of holidays.

Mother Of Resident Dies; Rites In Staunton

Mrs. Agnes Golch, 82, of Staunton, mother of Louis Golch, 2546 Iowa street, died Saturday in the Rest Haven Home in Alhambra following an illness of two years.

Services were set for 2 p.m. today at a Staunton funeral home with burial in Memorial Park, Staunton.

Musical Variety Show Thursday, Friday At 'Y'

Forty-nine performances are completing final rehearsals in preparation for the presentation of "Vacation '63", a musical variety show scheduled for performances Friday and Saturday at 8 p.m. on the YMCA stage.

Proceeds from the production, which will take the audience on an imaginary trip around the world with acts representing various vacation spots, will be used to establish a performing arts group, according to the show's producer, Brian Brunsman.

"Tickets for either night's performance, priced at \$1.25 for adults and 75 cents for children, are available at the YMCA or from performers."

Students from three dance studios here will perform in "Step-"

Girl Scout Council Meeting To Rededicate

The fourth regular meeting of the delegate council of River Bluffs Girl Scouts at Monsanto Auditorium, it was announced today by Mrs. John H. Harsh, president.

A rededication ceremony will be the feature of the program. Mrs. Robert L. Blomeyer, chairman of arrangements, said it is proper for us, Scout adults, to rededicate ourselves now, on the threshold of program change, to the unchanging principles and philosophy which make Girl Scouting the distinctive movement that it is," Mrs. Blomeyer added.

The meeting will be opened with presentation of the colors. A film on the wearing of Girl Scout uniform will be shown, and the rededication ceremony will follow.

Mrs. Marsh emphasized that all registered Girl Scout adults are invited to attend.

IVC Office To Be Closed Tomorrow Through Sunday

The Quad-City office of the Illinois Veterans' Commission, located on the second floor of city hall in Granite City, will be closed tomorrow through Sunday in observance of Memorial Day, according to Joseph D. Welton, service officer.

The IVC office will open again at 8:30 a.m. Monday, Welton said.

SWIU Prof Reviews Financial Problems in 2-County Area

Present and future revenue problems facing Madison and St. Clair counties may be met by focusing attention on the crucial aspects of the problem of financing public education. This conclusion was drawn by Professor Leo Cohen of Northwestern Illinois University's business division following a recent study on "Comparative Fiscal Capacity and Tax Efforts in Madison and St. Clair counties—1950-1960."

Published this month by SWIU's Public Administration and Metropolitan Affairs Program, the report brings together all of the public finance data for each township and school district, as well as the other principal municipalities in the two counties.

The study emphasized assessed valuation per capita as the measure of fiscal capacity. For municipalities, adjusted valuation, median value of family and un-related individual income, median value of owner-occupied residence and sales tax receipts per capita were used.

He further recommends that complete studies on the basic problems of financing education in the two counties include extension and extrapolation of the data relative to prediction of future school enrollments and possible growth in the revenue base and alternative sources of revenue and methods of financing education, including the possibility of increasing fiscal responsibility at the county level.

In his report on municipalities, Cohen again encourages township mergers with them and increased cooperation where feasible, for accomplishing specific functions.

Cohen, who received his master's degree and doctorate from the University of California at Los Angeles, taught at Kansas State College before joining the SWIU staff at Edwardsville in 1959.

A conference on public finance problems will be held June 17 in Edwardsville to study implications in the findings of Cohen's study, to discuss public expenditure patterns which may be expected in Illinois in the decade ahead, and to review current policy developments at the state level.

Mergers Stressed

The report stresses the need to consolidations of townships either with other townships or municipalities, and broadening the activities of the county to cover services which are given in duplicate by the townships.

The report shows the median income of a Granite City family increased from \$3371 in 1949 to \$6158 in 1959, fourth highest in the county. The 1959 income figure was higher at Bethalto, \$6597, Wood River, \$6573 and Hartford-Rossana, \$6529.

Median family income in Madison, went from \$2825 in 1949 to \$4850 in 1959; which the report's figures for Venice were \$2244 in 1949 and \$3915 in 1959.

Inadequate Income

Cohen concludes from his study that income received may not be adequate in many situations at the local level where individuals live in one municipality or school district and work in another. He believes the problem may be resolved by developing an income index which utilizes both the income-received and income-produced measures, and recommends further study and analysis of sales-ratio and other pertinent data—township, municipality, and school district—toward improving intra-county equity and equalization.

In his study of townships, Cohen found that many lack the fiscal potential to provide adequate governmental services, and he strongly recommends that more municipalities and townships make their boundaries continuous, thereby eliminating duplication of some governmental functions.

Pointing out that Illinois reduced the total number of school

Assessor Continuing Valuation Conferences

Granite City Tax Assessor H. Von Dee Cruse will review new real estate property assessments in eight additional areas starting next Monday.

All real estate property has been revalued for next year's tax collection, and the assessor is giving property owners an opportunity to discuss the assessment before the figure is entered officially in the tax books.

Property owners invited to the assessor's office next week are those in Granite Place, the 2500 and 2400 blocks between Adams street and Madison avenue; Hills Parkway, the 2400 and 2500 blocks from Center to State street; Ferdinand Place and addition, the 2500 and 2600 blocks from Center to Madison avenue; and Ingleside and its first, second and third additions, extending on Iowa street and Madison avenue from 2300 through 3000.

The hours are from 9 a.m. to 5 p.m. daily and evening sessions will be held at 7 p.m. on Tuesdays and Thursdays in the assessor's office at 1904a Delmar avenue.

This week's conferences are with property owners south of 23rd street in Granite City proper and Tri-City Park. About 70 visited the assessor in two days.

GC Police With Radar Arrest 8 Motorists

Eight motorists were arrested on speeding charges yesterday when Granite City Police operated their radar unit. Four were women.

Arrested were—Evelyn Cavasough of Farmington, Mo.; Elizabeth Stopkotte, 2228 Fontaine road; Damon Summers of Edwardsville; Florence Holten, No. 2 Bernadine lane; Alice Holt, 2041 Quincy street; Roy Sulk of Lawrence, Ind.; Charles Hollis, 4153 Breckenridge lane; and Robert Perry of Glen Osborn.

\$200 Damage By Vandals

Damages by vandals was estimated at \$200 to a home under construction at 60 Oaklawn drive. Henry Ross, contractor, told police Monday that plumbing had been torn loose and that a tire and tube on a wheelbarrow had been slashed.

cost me plenty; I'm going to take my wife."

The convention at Honolulu is to be June 2-13, and it was learned the mayor plans to leave next Thursday. It was estimated the trip would cost the city \$300.

Several other afternoon challenged Rutledge's remark that he "wouldn't mind a trip to Hawaii too."

"That was unfair," Mrs. Bettine said, adding, "and you know I hold no brief for the mayor."

Skulish said vote on the issue pinpointed progress vs. economy, and that a too stringent economy move would block all city projects and progress.

Whitmer remarked, "It is my opinion you should not go. Who ever hears of a mayor of a city of 40,000 having done anything at the convention. It's always the mayors of the big cities."

McGee added that he agreed with the mayor on the need to economize.

Vote Breakdown

The tie seven-to-seven vote on the separation was recorded with Partney, Rutledge, Dallas, McGee, Moerlen, Sternberg and Thompson calling for it. Opposed were Norm, Skulish, Whitmer, Mrs. Bettine, Johnson, Bergfield and Boyd.

Davis at first voted for the separation, but realizing his mistake, voted "no."

"Let's quit separating," the mayor commented.

Along with the bill list including the Hawaii trip, a \$31,116 half-month payroll was approved for the last half of May.

Other major items on the bill list were payments of \$4278 to Herman Mueller agency as premium on a workmen's compensation policy; \$159 to Leo Karna-duski for weed cutting, \$1984 to the Illinois Municipal Retirement fund, \$148 to Andy & Johnny's Body Shop to repair a damaged police car and \$308 for fuel and maintenance for city equipment.

Other expense allowances were \$50 for membership in the Southwestern Illinois Conference of Mayors; \$50 car expense for Assistant Fire Chief Curtis Doney and \$50 for Police Chief Raymond Willard, and \$30 monthly expense allowances for Aldermen Basarich, Norm, Rutledge, Bergfield, Boyd, Johnson, Skulish and Whitmer.

Downtown Parking Lot May Open Next Week

The 84-auto parking lot of the Downtown Granite City Shopping Center Association is expected to be in operation next week. It was reported by Alvin Barner, association secretary.

The lot at 18th street and Edison avenue has been paved and automatic gates have been installed along 18th street. However, added parts are needed for the gates before they are placed in operation.

If the parts are not received in time, an attendant will operate the lot, which is reserved for downtown shoppers. Parking tickets will be validated at offices and stores in the downtown district.

The lot is one of a network of three or four planned for the business triangle.

GCHS Student Council Visits At Alton High

Officials of the Granite City high school student council visited Alton senior high school Monday to inspect banding of over-crowded halls, a problem similar to that here.

Alton has instituted use of one-way stairs to relieve the situation, while one-way halls are used at the local high school. The students also toured the Alton school cafeteria and met members of the Alton student council.

On the trip were Pat Kincaid, student council president; Tom Moxley, vice-president; and Susan West and Nona Hobbs, representatives. They were accompanied by William Burckley, faculty sponsor.

SWIU Art Fair Billed This Weekend At Alton

The sixth annual Southwestern Illinois University art fair of work done in art studio classes at the University's Alton and East St. Louis centers will be held from 10 a.m. to 10 p.m. Friday and Saturday in the Loomis hall art gallery, 2609 College avenue, Alton, and on the lawn adjoining it.

Five hundred pieces of art work, including oil paintings, drawings, water colors, prints, etchings, wood cuts, sculpture, pottery, ceramics and work in mixed media and enamel will be on display. They represent the work of all art students at the two centers.

"This is the only show of the year that is a comprehensive exhibit of the year's work of our art students," Mrs. Evelyn Budemeyer, assistant professor in fine arts, said.

"It gives the public an opportunity to come and review the work of the year and it gives the students a chance to have their work reviewed by the people of the area."

The show will be judged and merit awards given. Some of the work will be selected for a permanent collection.

On Sunday, Glen E. Howerton, instructor in ceramics, will demonstrate pottery throwing from 3 to 5 p.m. in the ceramics studio in the basement of the Alton center gymnasium. He has exhibited throughout the Midwest.

At the same time, the best-of-the-year art work selected for the recognition will be exhibited in the Loomis art gallery. Coffee will be served. The demonstrations and exhibits are open to the public without charge.

Ebersoldt Named SIU's 'Student Of The Week'

Neil C. Ebersoldt, son of Mr. and Mrs. William Ebersoldt, 804 Third street, Venice, has been named "Student of the Week" by the activities development center at Southern Illinois University, Carbondale, where he is a senior.

He was recognized for significant contributions to the school's student activity program. Now president of the Sphinx club, a group of student leaders, Ebersoldt has been named vice-president of Bailey Hall, a student living group, and is currently a supervisor at Southern Acres residence halls.

He appeared several times last week on the school's educational television channel.

GIRL SCOUTS ADVANCE IN RANK

Intermediate Girl Scout Troop 161 met Monday afternoon at St. Mark's school with the leaders, Mrs. Margaret Lee and Mrs. Eva Maurer. The meeting was opened with a flag ceremony, and a court of awards was held. Girls receiving first-class rank were Theresa, Burgen, Mary Alice Mulink, Ruth Welch, Marilyn Caruso, Mary Frances Lee, Sheila Simmons and Mary Catherine Miller. Those receiving second-class rank were Linda Davinny, Rosemary Daniels, Joan Koelker and Linda Svezia. Other girls in the troop also received badges for their work during the year.

Girls from the troop who will attend established camp this summer are Sheila Simmons, Mary Catherine Miller, Jean Daniels, Margie Scuturo and Theresa Burgen.

Plans were made to march in the Memorial Day parade Thursday; and refreshments were served to the girls and parents who were guests for the meeting. Other girls present were Sharon Maurer, Mary Ann Fuchs, Linda Levy, Sharon Parker, Kay Willis, Jean Svezia, Julie Meehan, Kathy Pace, Wilkerson, Kathy Daniels, Margie McGarraban, Karen Boelling, Diane Mangi and Donna Kallous. This was the last meeting of the 1962-63 year.

LUNCHEON FOR CANASTA CLUB

Mrs. Lorene Morris, 711 Broadway, was hostess for the May meeting of the Canasta club on Monday.

The evening was spent at Canasta, and those excelling were Mrs. Rose Ritz, first; Mrs. Margie Burrell, second; and Mrs. Ruth Caymer, third.

The hostess served a two-course luncheon to the prize winners and Mrs. Dorothy Copeland, Mrs. Elsie Canner, Mrs. Mabel McGee and Mrs. Bee Schaffner. For the June meeting, the members will enjoy a "night out" at the Grand Cafe.

The annual picnic of St. Mark's school was held Sunday in Lee Park, with many members of the parish attending.

Basket lunches were enjoyed, and the remainder of the afternoon was spent at games, with prizes awarded.

Mr. and Mrs. Milton Morris, 711 Broadway, attended the wedding of Frederick Eicht and Barbara Ann Murphy at the Church of the Magdalene in St. Louis during the weekend and attended the reception at Schmidhorst's restaurant.

'Lock-On' Training For Marine Pfc.

Marine Private First Class Richard C. Meyer, son of Mr. and Mrs. Harry H. Meyer of 4339 Lake drive, is undergoing "lock-on" training with the First Battalion of the Seventh Marine Regiment at Camp Pendleton, Calif.

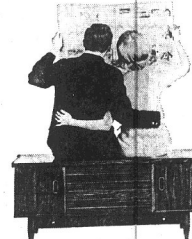

"Lock-on" is the name given to six weeks of intensive training that progresses from basic tactics of the fire team and squad to complex maneuvers of the company and battalion.

In Attack Exercise At Fort Hood, Tex.

Army Specialist Four John S. Basserman Jr., 20, whose father lives at 94 Venice Homes, took part in a fire-power demonstration, "lock-on" the most comprehensive attack exercise presented since world war II, at Fort Hood, Tex., early in May. The demonstration, which included armor, infantry, artillery and tactical air support units, was staged by the 1st Armored Division as part of the 74th annual Armour Association conference.

Kiwanians See "Laser," "Maser" Exhibit

Members of the Granite City Kiwanis Club viewed equipment pertaining to the "laser" and the "maser," instruments controlling the speed and qualities of light beams, during a dinner meeting Monday at the Elks lodge.

The equipment was exhibited by Edward Gray and Paul Stout of Southwestern Bell Telephone Co. who described the various uses of the equipment, including telemetry. The speakers were introduced by Harry Marshall.

Final plans were made for the Kiwanis-Bow Line boat races at 1 p.m. June 15 at the Hartford canal harbor on the Mississippi river. The meeting was conducted by Eugene Frey, club president.

He is a senior at Southwestern Illinois University at Alton, majoring in business administration.

Electric Power—America Vs. Russia

The last has probably been heard from the Secretary of the Interior about the threat of Russia's "catching up" in the field of electric power generation.

It now appears that he had something else on his mind when he returned from his tour of the Russian power installations and immediately launched a speaking tour in the United States on the subject of Russia's great "advances" in the generation of electric power.

What he was really advocating was not a greater abundance of electric power in the U. S., but the adoption of the system of producing power under government ownership, as in Russia or Cuba.

Intervention On License
In the case of the High Mountain Sheep Dam on the Snake River in Idaho, after a Federal Power Commission examiner last October filed an order recommending granting of a license to an investor-owned utility (the Pacific Northwest Power Co.), Secretary Udall permitted the FPC for permission to intervene, which was granted on a limited basis.

He then filed a brief with the FPC which contained the following as part of the argument for building the facility with taxpayer funds: "The principle which governs the operation of an electric power system is that all interconnected generating plants should be owned by the same entity. If all the plants in the system belonged to the U. S., they can be operated to meet a common objective. Operation of the system primarily for the benefit of its owners would be in inherent conflict with fully-integrated system operation."

There is no expression of concern over the delay in waiting for Congress to appropriate the funds and provide the authority to construct the dam with tax funds.

Government Dominance
What the Secretary is saying in his brief is that the Federal government and only the Federal government should be permitted to expand power production in the Pacific Northwest.

This, of course, is the Russian system—namely, absolute government ownership of the production and transmission of electric power.

What the Secretary really had in mind in his series of "scare" speeches about the development of Russia's electric power is that the "public interest" at all but the private interest of the Department of the Interior, which is the building of an electric power empire to be administered by that department.

He was trying to convince the average John Doe citizen that a danger existed and that the only escape from the present danger was an enormous increase in the electric power capacities in the United States.

Artificial Anxiety
Having created this anxiety, his position now is that the safety of the country depends upon these electric power facilities being constructed only by his agency, the Department of the Interior, even though a substantial delay may be involved.

The Secretary, pursuant to Federal law, has had the responsibility for marketing surplus electric power produced by government dams in the Pacific Northwest through the medium of the Bonneville Power Administration. Revenue from the sale of electric power in the Pacific Northwest was supposed to be used for reclamation developments in that area.

But the Bonneville Power Administration has been losing money for the last five years, and the amount of the loss has been increasing with each passing year.

Electric power rates established by the Bonneville Power Administration are the lowest of any place in the United States and nearly half the rate charged by the Tennessee Valley Authority. Part of the argument which the Secretary uses for construction of the High Mountain Sheep Dam by his agency relates to these Bonneville deficits.

Views Of Officials
In his brief, the Secretary said: "If Bonneville Power Administration deficits continue, the Federal system will find it increasingly difficult to fulfill its distinctive role of providing a ample power supply at the lowest cost and with widespread availability. It is inconceivable that either one of the new wholesale power agencies could be licensed without further increases in the gross and net revenues of the Bonneville Power Administration."

BRIDAL SHOWER HONORS

MISS TERRY POLLEY

Miss Terry Polley, daughter of Mr. and Mrs. Richard Polley, 2331 Pontoon road, was honored with a bridal shower Sunday afternoon.

Arrangements for the shower were made by Miss Polley's mother and the aunts of Joe Papa, the prospective groom. The tables and room at the YMCA were appropriately decorated for the occasion.

Music, orange blossoms and orchid larkspur, surrounded with candles decorated with the orchid flowers, were used on the tables.

The center tables were adorned with a four-foot wishing well, decorated with white crepe paper, using lilies of the valley and peonies. A large wedding bell was suspended in the center with a miniature bride and groom surrounded with lovebirds holding wedding bands. The arrangement was made by Mrs. Agnes Owens.

The gift table held packages which were opened by the bride and her bridesmaids. The bridesmaids in attendance, Miss Nancy Fleishman and Miss Madeline Polley.

Games filled the remainder of the evening, with prizes being awarded.

Refreshments were served to Mesdames Pat Polley, Louise Papa, Jackie Owens, Helen Polley, Mayne Plessa, Pat Abel, Amelia Premor, Sue Plessa, Ann Enos, Hilda Gravelle, Ann Kraly and daughters, John Schale, Ed Wharshall, Louis Black, Jurczyk, Stella Jurczyk, Pete Plantz sr., Jerome Plantz jr., G. Writ Of Habeas Corpus

Filed For Two Killers

A writ of habeas corpus was filed this week in U. S. District Court at Kansas City, Kan., for two men who killed seven persons in June 1961, including two women in the Quad-Cities area.

A hearing is set for June 8 on the writ filed for James Latham and George York. It charges their constitutional rights were denied. Among their victims were Martin Drenovec, 65, who was killed in his service station near the Chain of Rocks canal bridge, and Albert Reed, 35, of Litchfield, whose body was found in a field near Glen Carbon.
